Board of Selectmen  
Town of East Montpelier  
PO Box 157  
East Montpelier VT 05651

As in the past, The Gully Jumpers Snowmobile Club requests permission to use short designated sections of Town Roads in order to traverse through difficult areas of town.

The short sections are described below:

Coburn Road – We request permission to use coburn covered bridge to cross the river.

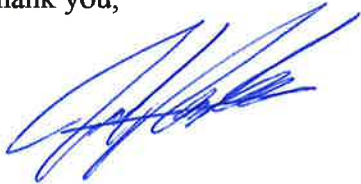

Snow Hill Road – This is a 45 degree crossing over sodom brook. Has good sight distance in both directions.

Dodge Road – We cross bennett brook by traveling in front of the guard rail. In this area the road is extra wide with excellent sight distance in both directions. **(closed due to new land owner)**

Center Road - Due to the wet swampy area on the ormsby property we request permission to cross bennett brook using a short section of center road. **(replaces dodge road crossing)**

County Road – We cross the county road at the intersection of haggett road. Good sight distance in all three directions.

Thank you,

Jeff Parker, Director
