

# Town of East Montpelier Polling Place Campaigning Areas

Those wishing to campaign may stand at either of the following locations marked by green lines and a blue star. These areas are also described as follows:

On the dirt/grass area at the front entrance of the East Montpelier Elementary School, on the library side of the building (left), from the edge of the entrance overhang, to the beginning of the sidewalk adjacent to the bus loop, and around the bus loop. Campaigners may not be under the entrance overhang or inhibit access to the doorway. During winter, campaigners will be expected to stand right next to the snowbank.

On the gravel/dirt area next to the side entrance on the right hand side while facing the entrance, and following the fence line of the preschool playground.

If at any time, access to or egress from the polls is threatened by a campaigner, they will be asked to move to a different spot.
