Morrisville/Barre Commuter Bus Route

Rural Community Transportation, Inc. (RCT) is pleased to announce a new commuter bus service connecting Morrisville and Barre (via VT Route 15 & 14) with transfer connections to Montpelier and St. Johnsbury (via RCT's existing US2 Commuter route). The tentative start date for this route is October 7, 2019, and will serve the roughly 11,500 residents of Morrisville, Wolcott, Hardwick, Woodbury, East Calais, and East Montpelier.

Connecting service is available to the LINK Express/Burlington, Waterbury Commuter, Barre City Commuter, Hospital Hill routes and Jay-Lyn Shuttle. All RCT buses are equipped with wheelchair lifts.

As is the case with all public transit routes operated by RCT, the Morrisville/Barre Commuter route will be fare free to all passengers. While there is no requirement for towns to participate in the funding of this route, RCT does ask for financial assistance from towns served to help defray the local match requirement of our operating grants. Any financial assistance provided assists RCT purchase, maintain and operate its vehicles/buses.
