## **FUTURE CAPITAL PROJECTS QUESTIONNAIRE**

The purpose of this questionnaire is to assist the town in identifying and understanding future capital projects. Capital projects require significant expenditures for studies, design, acquisition, construction, maintenance or replacement of capital assets, such as property, facilities or equipment. For purposes of developing a Capital Improvement Program for East Montpelier, a capital project is any project costing \$5,000 or greater. Please think about what capital asset needs that you anticipate in the next 10 years.

Describe each future capital project on a separate questionnaire form, providing as much detail as you can. Note that identification does not ensure future funding.

**Please return the completed future project questionnaire forms**, either hard copy or by email, **to Don Welch** (<u>treasurer@eastmontpeliervt.org</u>, or fax 223-4467). Thank you!

Program/Committee/Commission Name:		
Person Completing Questionnaire:		
Date Completed:		
1.	Project Name:	
2.	<b>Project Description</b> : (For example: Do you need land, a facility, or equipment? What is the purpose of the project?)
