MUNICIPAL ROADS GRANTS-IN-AID PROGRAM

EQUIPMENT PURCHASE

TO: Vermont Municipal Officials
Winooski, Passumpsic, and Otter Creek Watersheds

FROM: Central Vermont Regional Planning Commission, Ashley Andrews

RE: Letter of Intent to Participate in a **Municipal Roads Grants-in-Aid Program:**
Equipment Purchase

Vermont Department of Environmental Conservation (DEC) offers select municipalities funding to purchase up to one piece of equipment that will support Municipal Roads General Permit (MRGP) implementation. Your municipality is eligible for equipment funding, as the majority of your municipality is located within the SFY 2021 targeted watersheds: Winooski, Passumpsic and Otter Creek. Equipment eligible for purchase is described below. **Municipalities must be in compliance with the MRGP before requesting reimbursement from the State for equipment costs.** Full compliance with the MRGP includes full payment of annual MRGP fees, required MRGP forms and Annual Planning Report. For details of compliance criteria, please visit the Vermont [DEC MRGP web site](#). Questions regarding MRGP compliance should be directed to Jim Ryan, Municipal Roads Program Coordinator at 802-490-6140 or jim.ryan@vermont.gov. DEC will reimburse up to 80% of the municipality's documented equipment cost, up to the State maximum award amount in the table below. If demand exceeds available funding, then equipment purchase will be prioritized for municipalities with the greatest number of hydrologically connected municipal road miles.

To request a grant for your municipality to purchase equipment, please fill out, sign, and return the Letter of Intent to Participate in the Equipment Purchase program on the following page by AUGUST 28, 2020. You will receive a NOTICE TO PROCEED letter if your request has been approved. Do not make any purchases before you receive this letter.
